

HUVAFEN FUSHI

an experience like no other

Dedicated to delivering an experience beyond each guest's wildest dreams, an experience like no other, your escape to paradise begins at Malé airport. After being greeted by your "Thakuru", your Maldivian butler, step aboard a luxury speedboat and skim across the Indian Ocean to Huvafen Fushi.

Set within its very own lagoon, Huvafen Fushi is a naturalist's wonderland where the stunning environment above and below the waterline is an attraction within itself. There are 43 "naturally modern" bungalows each showcasing their own distinctive design of high tech comfort and top line detail. Facing the lagoon with direct access onto the sand, the Beach Bungalows have freshwater pools, decks and sumptuous day beds from where you can laze and soak in the ocean views.

Lagoon bungalows, with their split level layout, lead into the tropical waters and feature a private deck with sala and a separate sun bathing deck with spectacular panoramic views. Your Bose surround-sound, with DVD and 40" plasma, also has speakers in the bathroom and on the deck, so chill to your favourite tunes from the fresh water of your infinity pool.

The colours and textures of the sea provided Aquum Spa with the inspiration to make its mark on the world spa scene. Aquum Spa has two underwater spa treatment rooms, the others are above with a view. When not being used for the very latest in spa therapies, reserve the underwater pavilion for a private and romantic candle lit dinner. The master chef and his team tempt at every turn with flavoursome light and healthy cuisine, always served in stunning settings. Destination dining in secluded areas of the island and beyond is also a must.
