A large rental apartment that is located on the Left Bank, centre of Paris, and it has a floor space of over 2,000 square feet, making it a perfect home for your stay. Its uniqueness lies in a décor which has the gracious feel of a luxury ocean liner of the 1930's, from the vaulted wooden ceilings, to the parquet floors. This air conditioned apartment offers the all-too-rare benefit of air conditioning. The five bedrooms and four bathrooms are ideal for larger groups who want to celebrate a family reunion or enjoy a special trip with friends. Recent guests said it was the main element of their "true Parisian experience". A wonderful cheese store, bar and restaurant in the same street were a well-spring of gourmet treats on a daily basis. ## Details on the Area

Apart from the views of the Eiffel Tower from some of the rooms, the beautiful private terrace provides a space in the apartment where you can enjoy café crème in the morning or champagne and dinner on warm summer evenings.

- The apartment is one block to the Eiffel Tower and the gardens of Champ de Mars, a rare bonus in Paris as there are few large parks where you can walk, run, play in one of three playgrounds, enjoy the basketball court, go to the puppet theatre, rent bikes and skates nearby, or just sit and enjoy. This is especially attractive for families, because children need to have time to enjoy playing along with sightseeing during their stay in Paris.
- Open Food Markets: the neighbourhood is famous for its open food markets where you will find more than any other quartier in Paris, offering a real opportunity to live like a Parisian. Merchants come from all over France with wines, fruits, vegetables, flowers, fish, Brittany lobster, pâtés, breads, even five types of escargots!
- Our rental apartment is a stone's throw to the Seine and the famous *Bateaux Mouches* boat tours.
- The apartment is 10 minutes to the Trocadéro and the Grand Palais where world-famous art exhibitions are held.
- A 10-minute walk to the *Grand Couturiers* on *Avenue Montaigne* — from Dior to Chanel, to Hermes, Givenchy, Valentino, Bonpoint, Ungaro, Yves de la Fressange, Loewe, Bulgari, Ferragamo, Max Mara, Scherrer, Jimmy Choo, to the outrageous Jean-Paul Gaultier and many, many more. Please see our link on Paris Shopping for more details.
- The apartment is a 15-minute walk to the Champs Elysées and new Louis Vuitton flagship store.
- Pont de l'Alma is five-minute walk and has the largest open market of Paris every Wednesday and Saturday morning.
- Rue du Commerce, near La Motte Piquet metro is 5 minutes walk and a lively French neighbourhood: find excellent fresh foods, loads of clothing stores and perfume shops as well as the Monoprix department store (a French Target), with supermarket on the first floor -- good quality and great prices.
