

## FOUR SEASONS RESORT MAURITIUS AT ANAHITA

*Exclusive • Private • Romantic*

Situated on the beautiful east coast, Four Seasons Resort Mauritius is an integrated resort with the residential sanctuary "Anahita". It occupies the lagoon front mainland and the adjoining private island, "Île aux Chats".

The private island is the location of the 60 Lagoon Pool Villas, all facing the turquoise lagoon. Contemporary in design and Mauritian in style, they feature outdoor living and dining areas, plunge pool and day beds.

Thirty identical Villas are on the mainland and adjacent to the Golf Course. The Garden Pool Villas are located in manicured grounds with views to the resort. The Mangrove Pool Villas are positioned with views to the natural Mangroves bordering the Turquoise Lagoon and natural gardens. Décor throughout the villas is a subtle blend of timber, cane and stone, with colourful soft furnishings.

The two and three bedroom individual Residences are ideal for families and friends.

The impressive Presidential Suite is at the far end of Île aux Chats facing the Turquoise Lagoon and Ocean. It has a large outdoor space for lounging and dining along with a Pool/Jacuzzi jets and day bed. Interiors are spacious and luxuriously fitted out.

The spa is on a secluded corner of the private island and comprises 12 overwater bungalows, eight of which are exclusively for the use of couples to enjoy a full menu of soothing treatments.

The Four Seasons has not forgotten about kids who will love the 'Hobbit Village' while teens can retreat to the 'Young Adults' Club.

The piece de resistance for golfers is the impressive ocean-front Four Seasons Golf Club. With large fairways and five sets of tees, 18 challenging holes ensure thrills and satisfaction for all levels. Six ocean side holes offer the world's most beautiful finish.
