

MAIA LUXURY RESORT & SPA

Tranquil All Villa Oasis

A luxurious haven in stunning natural surroundings, Maia is a tranquil all villa oasis stretching along the beautiful wide beach of Anse Louis and onto the hillside of the east coast of Mahé.

Each of the 30 villas is a sanctuary and features an adjacent spacious gazebo area with thatched roof and oversized day bed for lazing. Also outdoors is your private pool and large double sunken bath for soaking.

The Villas are differentiated only by their location and amazing views; Ocean View with unobstructed views to the vast Indian Ocean, Ocean Panoramic positioned high upon Maia hillcrest offering unparalleled 180 degree panoramic views of the sparkling Blue Ocean and lush green surrounds. The Ocean Front villas with private garden are steps from the beach, making them ideal for beachcombers and families.

Villa décor is a contemporary blend of thatch, teak and stone with polished timber floors reflecting an African influence, while the elegant furnishings are in cream and chocolate.

And of course, every villa has a personal butler to pamper and please, and take care of your every need.

The indoor-outdoor restaurant, specialising in French cuisine with Asian-Creole accents, sits high on the hillside overlooking the tropical pool adjacent to the bar, a perfect location to enjoy splendid sunsets and evening skies.

The Maia Spa is a magical indoor-outdoor refuge using the huge signature Seychelles granite boulders as a backdrop to its outdoor area. Luscious treatments using natural ingredients of fresh sea mint, coconut and vanilla are used in their vast menu of indulgent treatments.

More strenuous activities such as canoeing and kayaking can be arranged by your butler. Explore underwater wonderlands; refresh yourself in the pool or sun atop your tanning deck.
