

TAVEUNI ISLAND RESORT & SPA

An Envious Position

Situated high on a bluff on the north of the island, Taveuni Island Resort has spectacular vistas over the Pacific Ocean and to the surrounding islands, the position being one of the best on the island. Steps lead to a powdery white beach below from where you can kayak, swim and snorkel. What makes the North truly magical is the array of activities one can partake in on this truly natural island, all within close proximity to the resort.

The resort is an intimate affair for just fourteen couples at maximum. Taveuni Island Resort has a casual, and peaceful atmosphere, more a sense of a comfortable family home than resort. Wonderful relaxing locations beckon; a shady palm tree or cabana on the beach, a lounge by the pool and of course the spa.

Each bure is positioned strategically amongst manicured lawns and colourful gardens for privacy and optimum views. The resort's focal point, the signature cliff side horizon pool has outstanding views and is a fabulously romantic setting for dinner under the stars.

Choose your view: the luxury ocean front bure commands views of the ocean and stunning surrounding islands. The luxury ocean bure looks over the ocean and colourful tropical gardens. The bures are generous in size, contemporary and are built from local native Taveuni timbers. There are floor to ceiling windows on all sides. Open plan, the lounge leads to a spacious outdoor living area, which overlooks the azure waters and bright blue sky. The décor is tropically inspired; cool cream tiles, vases of colourful native arrangements and watercolour paintings. All have king-sized beds and private outdoor showers.

Friends or a family may consider the all-inclusive private Matalau villa for four, complete with a private plunge pool and waterfall, your own personal chef and staff. Butler service is optional.

Dining is a special event at Taveuni and apart from shared dining on the alfresco deck, meals can be taken in romantic locations around the resort; at the lagoon bure, under the stars by the pool, on the beach with a personal waiter and musician or in the privacy of your own bure. Torches, lanterns and candles create a romantic South Pacific ambiance.
