

NAMALE RESORT & SPA

Where Rainforest meets Ocean

An all inclusive boutique resort of just 19 bures and villas offering an exclusive and private authentic Fijian experience; villas that you may not want to venture from.

Namale Resort & Spa sits atop a dramatic volcanic uplift with magnificent views overlooking the Koro Sea and beyond. Fifteen of the bures are perched amongst volcanic boulders, all carefully and individually designed around the cliff face and ancient trees to ensure privacy, and to take advantage of the spectacular location and vistas. Below on a sandy beach is the "dive shop" where Namale have a certified dive team with access to some of the world's renowned sites.

The villas are designed to be a complete sanctuary for romantics. Built from local native palm wood with thatched roofs in traditional bure style, the interiors feature cathedral ceilings and polished timber floors. Comfortably furnished and eclectically decorated, expect sinful four-poster beds draped in billowing gauze nets, massive Jacuzzi spa baths, wrap around pools, hot tubs, timber sun decks with access to the ocean front and more.
